

Hi Elena, thank you for speaking with us today. This is the final stage of the interview process.

Thank you. I'm happy to be here.

Can you describe your previous farming experience in Europe?

Yes, I worked in a greenhouse in Ukraine and a berry farm in the UK. I helped with planting, pruning, harvesting, and packing.

Were you responsible for any quality control or sorting of produce?

Yes, we checked for overripe or damaged fruit and packed by size and quality.

How do you handle repetitive or physically demanding tasks for long hours?

I try to stay focused, take quick water breaks, and keep a steady pace.

Have you worked with others from different cultures or backgrounds?

Yes, at the UK farm we had workers from several countries. We worked well together.

If a supervisor gives new instructions during the day, how do you adapt?

I ask for clarification if needed and adjust my work. I'm very flexible.

What type of tasks do you enjoy most on the farm?

I enjoy harvesting and working in the greenhouse because I like working with plants.

Great. Thank you, Elena. We'll contact you with a final decision by the end of the week.

Thank you very much for considering me.
