

Hi Nitin, thank you for joining us again. We'd like to ask a few more detailed questions to understand your farming experience better.

Thank you. I'm happy to continue.

Can you describe the type of farm work you've done before?

Yes, I've worked on vegetable farms in India and Poland. I helped with planting, weeding, harvesting, and washing produce.

Did you operate any farm machinery or tools?

I used hand tools like hoes and clippers, and helped load boxes using carts. I haven't driven tractors, but I watched others and could learn.

Are you comfortable working long hours outdoors in different weather conditions?

Yes, I've worked in the sun and rain. I know it's hard work, but I'm used to it.

This job sometimes requires repetitive tasks for many hours. How do you stay focused?

I try to stay in rhythm, take short mental breaks, and keep a steady pace.

Have you worked with a team before, or do you prefer working alone?

I've done both. On the farm in Poland, we worked in groups. I enjoy team work.

What do you do if you're unsure about an instruction or something feels unsafe?

I ask the supervisor to explain again or show me. I want to follow the rules.

Thank you, Nitin. That's all we needed. We'll be in touch about the final decision.

Thank you. I appreciate the opportunity.
