

Hi, is this Mike?

Yes, this is Mike.

Hi Mike, this is Laura from BuildRight Contractors. Do you have a few minutes to chat?

Sure, go ahead.

This is a quick screening for a general laborer position. Can you tell me a bit about your construction background?

I've been working in construction for over 4 years in the Czech Republic and Ukraine. Mainly residential jobs and commercial renovation.

Are you comfortable using power tools and working on active construction sites?

Yes, I've used drills, saws, jackhammers — I'm familiar with the safety protocols.

Do you have any local certifications or safety training?

Not local, but I completed OSHA-like training in Poland, including fall protection.

Can you read basic site plans or follow supervisor instructions clearly?

Yes, I've done that regularly.

Do you have any restrictions on lifting, bending, or working in various weather conditions?

No, I'm used to physically demanding work.

Would you be available for weekend or overtime work if needed?

Yes, I'm open to that.

When would you be ready to start?

Immediately, I'm currently available.

Great. We'll be following up soon with more information.

Thank you for the call. I appreciate the opportunity.
