

Hi Luis, thank you for joining the final interview. We'd like to ask some additional questions about your experience.

Sure, I'm happy to continue.

What type of facilities have you cleaned in the past?

I worked in a hospital in the UK and a school in Portugal. I cleaned hallways, restrooms, offices, and classrooms.

Do you follow any special procedures when cleaning sensitive areas like medical spaces?

Yes, I always used gloves, color-coded cloths, and followed disinfection steps strictly.

How do you handle situations where someone is unhappy with your cleaning?

I listen, apologize, and offer to fix the issue. I try to keep a good attitude.

Are you able to lift heavy garbage bags or use heavy cleaning equipment?

Yes, I have good strength and no injuries. I've used scrubbers and wet vacs before.

Great. Do you prefer a fixed schedule or flexible shifts?

Flexible is fine for me.

Thanks Luis, we'll contact you within the next few days.

Thank you.
