

Hi Natalia, thanks for joining us for this final interview round.

Hello, thank you for the opportunity.

What kind of warehouse work have you done before?

I worked at a food distribution center in the UK. I helped with picking, packing, and preparing shipments.

Do you have experience using pallet jacks or forklifts?

Yes, I used manual jacks, and I'm open to training on forklifts.

Are you comfortable working in refrigerated areas or loud environments?

Yes, I've worked in cold storage. I dress warm and follow safety instructions.

How do you keep track of accuracy and speed in your work?

I double-check items and use scanning systems carefully.

Thank you, Natalia. We'll contact you by next week.

Thank you very much.
