

Hi Mateo, thanks for joining this follow-up interview. We'd like to ask about your field experience.

Yes, thank you.

Have you worked on commercial or residential construction more?

Mostly residential homes and small renovations in the UK.

What tools are you most confident using?

I've used drills, hammers, tape measures, and jackhammers under guidance.

How do you approach tasks when working with others?

I try to communicate clearly and help out without waiting to be asked.

Have you had any safety training or site certifications?

I completed a basic site safety course in Poland.

Are you comfortable taking on physical tasks in cold or hot weather?

Yes, I've worked through snow and summer heat.

Thanks, Mateo. We'll be in touch soon.

Thanks again for your time.
